

5th August 2018

Dear Respected Parents/Guardians,

We hope this finds you in good health and that you are all enjoying the summer break.

Following our last inspection from OFSTED we have received notification from the Department for Education that Rabia Girls' and Boys' School will be placed under a restriction order.

This restriction order states that we will have to cease the admission of new students to the school.

This thankfully will not affect any of you as current students of the school, but will only apply to NEW applicants to Rabia and will become active on 3rd September 2018.

As you are aware the school have taken actions to comply with the recommendations from DfE and will be looking to appeal this decision.

Thank you for your continuing support and we will keep you informed.

Hafsa Bilquees

Head Teacher
